TEXAS.

The young Republic is going on "prospering and to prosper." We see it stated in the last accounts, that Gen. James Hamilton and Gov. Butler, of South Carolina, and Hon. Joseph M. White of Florida, now on a visit to the country have expressed their determination to settle there.

A friend has favored us with the following account of the origin of the name of the country, obtained he tells us, from a citizen who has resided there for thirty years—

"When Cortez was exploring the different parts of his grand conquest, a company of about 75 men had penetrated as far as Rio Grande, and on the Texas side, met a new tribe of Indians, who all pronounced the word *Texas*, as a salutation, which means in their dialect 'Friendly, or, We are friends.' The Mexicans spell it *Tejas*, and the *j* sounding as *h* would pronounce it *Texas*, as the Spaniards and Mexicans pronounce it to this day. Formerly the letter *z* in the Spanish Language, and in some cases yet, had the sound of *h*, and the letter *z* was always employed to spell *Texas* until the Edict of the Royal Academy of Sciences at Madrid, setting aside the use of the letter *z* altogether, and introducing the letter *j* in its stead. The word Mexico is now spelt by all the learned of Spain, Mexico and is properly pronounced *Mexico*."

Carrollton Enquirer.

MONEY RECOVERED.—By a letter from the Postmaster at Montgomery, Alabama, to the Post master of this city, it appears that \$760 of the \$800 stolen from the Express Mail, by the rider thereof, Ralph Austin, between Elyton and Montgomery, about the 5th inst., have been recovered from Austin, who is in custody waiting his trial at the Tuscaloosa term of the Court, which commences on the 4th Monday of May proximo. The money stolen belonged to John T. Smith Esq. of this city.

Republican Banner.

It is said that General McComb has been sent to Florida to try his hand in the petty war.

The Americans lost by sea during the year 1838 \$5,914,000, of which the greater part was probably sustained by Insurance Companies.

Maine has relinquished a bit of the right of exclusive jurisdiction to the British Governor Harvey has stationed a force at Madawaska, and will be suffered to keep it there, until the boundary line is settled.—Some of the Maine boys are mad enough about this arrangement.

General Scott having succeeded in electing an accommodation between the Governors of Maine and New Brunswick, is on his return to the South.

Ohio is making a rapid advance in the cause of Common Education. One thousand school houses have been recently started under the New School Law. When will Indiana follow the noble example of her neighbor?

The celebrated Monastery of St. Bernard was lately attacked by robbers. The monks with their noble dogs repulsed the desperadoes.

The appropriations by Congress at the last session amount to \$6,862,242.78.

REMARKS.

The stocks of up-country produce have not diminished during the last week, the arrivals having been fully equal to the sales, and in some articles there has been an evident increase. The river is again rising, but not rapidly.

BACON, continues in good demand, and sales considerable, without any change in prices.

PORK, is ready at our quotations, and stock fair.

WHISKEY, is plenty and sales rather dull at 50 cents per gal.

FLOUR, is now freely offered at our quotations, and it is probable can be obtained at lower rates by the lot.

SALT, is steady, but without much demand.

SUGAR, is firm—stocks not large.

COFFEE, is steady, stock good.

COTTON.—The crop is nearly in. An occasional load, however, still makes its appearance, and is readily taken at current rates. The market continued rather heavy at our latest dates from N. Orleans; and it was thought that no change would take place until the receipt of the advices expected by the Great Western.

From Levy's Price Current

NEW ORLEANS, April 13.

General business continues dull, the same causes still operating against a revival of it. The weather during the past week has been alternately fair and rainy. The Mississippi still continues on the rise, being now 3 1-2 feet below high water mark.

COTTON.—Another week of great inactivity in our Cotton market has just elapsed, in the course of which advices have been received, both from Europe and the North, of the most gloomy character. The effect of those on our market has been a reduction on all qualities of 3-4 c. per lb., but at this very little has been done, holders generally remaining firm, under the impression that the news expected by the Great Western, which will in all probability reach us in the course of the coming week, will be more favorable, as the advices carried to England by her, with respect to the amount of our Cotton crop, were most decided in the statements that a great deficiency existed, and the news of the effect produced by these at Liverpool, is anxiously waited for by all parties. We reduce our quotations, in conformity to the opinions expressed by both buyers and sellers, 3-4 c. below those of last week. We estimate the sales at about 7 to 10,000 bales. The imports of the week amount to 14,048 bales, and the exports of the same time to 16,274 bales, making a reduction in stock of 2,226 bales, and leaving on hand, including all on ship-board not cleared on the 11th inst., a stock of 139,755 bales.

LIVERPOOL CLASSIFICATION.

La. and Miss.	Tenn. and N. Ala.
Ordinary, 12 1-2 a 13	Ordinary
Middling, 13 1-2 a 14	Middling
Fair, 14 1-2 a 15	Fair
Good fair, 15 a 17	Good fair
Good & fine 17 1-2 a 18	Good & fine

SUGAR.—The Sugar Market has presented a more animated appearance during last week than for some time past, and the operations have been rather extensive for this season of the year. The quality of the principal part now arriving is inferior to fair, and choice Sugars are getting scarce. We have heard of some sales as low as 4 a 4 1-2 cents per lb., but continue our quotations at 5 a 6 1-2, the qualities commanding those prices forming the principal part of the arrivals. The exports during the week amount to 795 hhds. 65 bbls. The total exports since 1st Oct. amount to 22,034 hhds. 1999 bbls. Same time last year, 21,388 hhds. 2,969 bbls.

MOLASSES.—The demand continues good, and principally for export, this week. We continue our former quotations, 30 a 31 cents per gallon, but the high rate has ruled in almost all instances since our last notice. Since the 1st October last, the total exports are 12,534 hhds. 19,101 bbls.—Same time last year, 8,265 hhds. 18,520 bbls.

TOBACCO.—There has been very little doing this week, but holders still remain firm. The exports have been large compared with those of previous weeks, but are made up of lots ordered for shipment. Purchases have been principally small lots, selections. We make no alteration in quotations. The imports of the week are 1649 hhds., and the exports of same time 1648 hhds., leaving the stock on hand the same as last week.

COFFEE.—We have no alteration to notice.

GRAIN.—The receipts of the week have been heavy and some reduction in price has been submitted to; the only alteration we make is in Oats, which we reduce to 45 a 50 cents.

CANDLES.—The same steady demand noted for some weeks back continues, at prices unchanged.

EXCHANGE.—During this week considerable transactions have taken place in Sterling Exchange, and the prices of our last report have been fully maintained. Bills at 90 days sight have been sold at 7 a 7 1-2 per cent. premium, (\$475 a 476), and first rate signatures have obtained \$478 (73 a per cent premium) for bills at 60 days.—Exchange on France is still in good demand, at 55 25 a 56 25; some sales have been made of bills at 90 days sight at 55 30. Exchange on New York continues brisk, with a decided improvement on our rates of last week; short sight bills are sold readily at 1-2 per cent. discount, and even at par; those at 60 days are from 2 1-2 to 2 per cent. discount; but the demand is more particularly for bills at short sight. The banks are checking at 1-2 per cent. premium. Exchange on Havana, at sight, par.

FREIGHTS remain without change this week, and at our quotation of 1-2d. to Liverpool, a good deal has been done. We make no alteration in quotations.

Correspondence of the Courier and Enquirer.

PHILADELPHIA, Aug. 10. }
5 o'clock, P. M. }

Our citizens have been for some time annoyed with bank notes altered from \$5 to \$50, from \$10 to \$100, and from \$50 to \$500.

This morning, the police got an inkling of some strange movements in the Northern Liberties, and having possessed himself of the proper authority, high constable Blaney, with some other officers made a descent upon the gag and took several of their prisoners, bringing off with him the apparatus for altering notes, and a great amount of the money so ingeniously altered that one was subsequently admitted at the United States Bank without detection. There has been a large business carried on in this way for some time past, and many of our citizens have been compelled to accept a dividend of ten per cent. upon the face of their notes.

There was a small advance in Stocks today, and a better feeling manifested. Girard sold for 50 5-8; U. S. Bank, 113 1-2; Vicksburg, 58 1-4.

The place of Post Master at Albany has been cruelly snatched from a veteran who not only fell wounded and shattered in limb at the battle of Queenston, but had previously fought his country's battles in the war of the Revolution. And this is Martin Van Buren's gratitude!

TO THE PUBLIC.

Office of the Solicitor of the Treasury, }
April 8, 1839. }

SIR:—I have received your letter of the 6th inst. relative to the levy on Mr. Swartwout's interest in the lands in Mississippi, under the distress-warrant against him and his sureties.

I have received the Report of the District Attorney on the subject, in which he confirms your representation in regard to the land belonging to the American Lamp Company, and I have therefore written to Mr. Butterworth the District Attorney for the Northern District of Mississippi, directing that instructions may be given to the Marshall to withdraw the levy from the lands of the Company, and also to file off record in the office of the Clerk of the District Court where the levy is recorded a supplementary return to that effect.

Very respectfully, yours,
H. D. GILPIN,
Solicitor of the Treasury.
EDWARD A. NICHOL, Esq.,
New York, }

Office of the American Land Co., }
New York, April 11, 1839. }

GENTLEMEN:—Annexed is a correct and true copy of a letter received by me this morning, from the solicitor of the Treasury and I lose no time in putting you in possession of it; and which I hope will be satisfactory, and enable you to put matters right again.

Yours, respectfully,
E. A. NICOLL,
Sec'y of the Am. Land Co.

Call and see at all events, we never charge for showing our Goods as we have hands for that sole purpose.

April 20—14—3m.

PETERS' PILLS.

THESE PILLS have long been known, and appreciated for their extraordinary and immediate powers of restoring perfect health, to persons suffering under nearly every kind of disease to which the human frame is liable.

In many hundred of certificated instances they even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands the have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. No great indeed, has their efficacy invariably and infallibly proved that it has appeared scarcely less than miraculous to those who were unacquainted with the beautiful philosophical principles on which they consequently act.

The proprietor rejoices in the opportunity afforded by the universal diffusion of the daily press, for placing his vegetable pills, within the knowledge and reach of every individual in the community. Unlike the host of pernicious quackeries, which boast of vegetable ingredients, these pills are purely and solely vegetable, and contain neither Mercury, Antimony, Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science, and were never before administered in so happily efficacious a combination.

Whenever these pills have been once introduced into a family, they become a standing remedy, and are called for again and again, which is sufficient proof of their good quality. It is a truth, that almost every person who has ever used Peters' Vegetable Pills, recommends them to their friends, and it is from this circumstance alone, that they have gained such an unrivalled reputation.

When taken according to the directions accompanying them, they are highly beneficial in the prevention and cure of bilious fever, fever and ague, dyspepsia, liver complaints, sick headache, jaundice, asthma, rheumatism, enlargement of the spleen, piles, cramp and bilious colic, female obstructions, heart burn, pleurisy, ferred tongue, distention of the stomach and bowels, incipient diarrhoea, flatulence, habitual constiveness, loss of appetite, bloated or sallow complexion, and in all cases, of torpor of the bowels, when a cathartic or an aperient is needed. They have the testimony of the whole medical profession in their favor, while not a single case of ill consequences or inefficiency, can be alleged against them.

Prepared by Jos. Priestly Peters, M. D., at his Institution, for the cure of obstinate diseases, by means of Vegetable remedies, No. 129 Liberty Street, New York. Each box contains 40 pills—price 75 Cents.

More than two millions of boxes of these celebrated pills have been sold in the United States since January, 1835.

Dr. Peters has received upwards of fifteen hundred certificates, all given in consequence of the good done by his Medicines.

Be careful to enquire for Peters' Vegetable Pills.—They are for sale in Holly Springs, at the Store of Messrs O. D. Sledge & Co. and can be had in almost every town in the State.
